Possibly the best picture play seen at Kalbfeld's in some time was that of Wednesday night, when Robert Warwick was seen in the five-reel Broadway production of 200 scenes, entitled "The Man of the Hour." It was a most delightful play with a good moral, one too, that was appreciated, if one may judge of the applause which greeted these parts by the children in the afternoon. Then there was the additional picture comedy of Christy Mathewson the baseball star, entitled "Love and Baseball." Last night there was a continuation of the "Million Dollar Mystery," the first episode in two parts, "The Shadow," and "The Soubrette and the Stimp." The crowds have been great and there has been also that popular approval of the crowd without which no theater would prosper.
